SIGNATURE® CHORAL RISER

THE RISER YOU'VE ALWAYS WANTED.

Wenger Corporation has reinvented the choral riser with every advantage you can imagine in a single, striking, easy-to-handle design. Classic black styling. Simple setup. Lightweight construction. Superb stability. Smooth mobility that fits through standard doorways. Quick step reversibility. Available in a 3-step or 4-step design with permanent backrail and an optional side rail set (set of 2) for added security. A compact footprint for less storage space. All backed by Wenger Corporation's fifteen-year warranty. Wenger Corporation Signature Choral Risers – now you can have it all.

Step supports are high-strength low-alloy steel for maximum stability and strength. Backrails are permanently attached for maximum safety.

Colors

Grey Carpet

Signature is designed from top-rail to floor to ensure flawless operation and long-lasting good looks. The level of detail is exquisite, with carpet edges protected by structural aluminum extrusions for a finishing touch that adds both distinction and stability.

Both the 3- and 4-step models have a compact footprint. They tuck away into tiny areas, saving you precious storage space. And both Signature models fit through standard doorways.

Signature is easy for one person to roll and control.

Just maneuver it into place and unfold with a single fluid motion.

It sets up without tools to provide excellent stability.

Optional siderails provide additional security for performers of all ages.

SIGNATURE CHORAL RISER SETS

Signature Choral Risers may be arranged in a variety of configurations to support both large and small choral groups and may be adapted to fit almost any space. Use the charts below as a general guideline when determining your needs. Contact your Wenger Corporation representative for help in making your final selection.

TOURMASTER® CHORAL RISER

THE PERFECT RISER FOR CHOIRS ON THE GO.

Tourmaster is the only choral riser truly designed to go where choirs go. Whether it's up stairs or around tight corners, each Tourmaster choral riser folds up flat and rolls with the stability and ease of a two-wheel cart. They're easy to maneuver, transport, and set up. Once in place, it takes just 10 seconds to unfold and lock into the upright position. And the Tourmaster Cart is the ideal tool for moving and storing multiple risers. Each cart holds up to four Tourmaster choral risers, backrails and 4th-step additions - the perfect solution for choirs that travel across the hall or across the country. No other comparable riser sets up so easily or stores in less space.

Recommended backrails and siderails provide added security and a refined look. And like all Wenger Corporation products, Tourmaster is built extremely tough to ensure solid performances, year after year.

Wenger®

POPS UP IN JUST 10 SECONDS.

Four-foot Tourmaster rolls smoothly and securely down the hall, around tight corners, even down stairs.

For set-up, Tourmaster unfolds easily like an accordion.

Just step on the frame and lift. The Lift Assist mechanism helps you raise the riser and lock it into the upright position.

Once set up, Tourmaster is solid and stable.

Takedown is just as easy. Just activate the foot-pedal release, push and let down.

TOURMASTER 4TH-STEP ADDITION

An optional 4th-step addition is available for all Tourmaster Choral Risers. The 4th-step addition attaches to each corresponding Tourmaster Riser with integral leg clamps, without the need for tools.

Tourmaster carts are available for 4' and 6' (1219 and 1829 mm) 18" (457 mm) steps.

Carts have heavy-duty swivel casters for easy maneuverability and four pairs of swing-arms that pivot outward for ease of loading risers.

The Tourmaster cart holds up to four risers including four backrails and four 4th-step additions.

Backrails nest together on backrail supports for storage or transport.

Risers stack easily, by alternating the direction of the riser positioning wheels.

Each swing-arm lifts upward and pivots outward for stacking each riser then inserts into holding sockets for a secure fit.

Four 4th-step additions can be stacked on top of the fourth swing-arm then attached securely to the cart frame with buckled straps.

STAGETEK® STAGING SYSTEM

MAXIMIZE FLEXIBILITY.

Everything about StageTek® is an advancement. The refined, smart design is the result of extensive research, engineering and technical advancements in materials and manufacturing. Our staging system is lighter, stronger, easier to handle and faster to set up. When it comes to stretching your investment across multiple needs like seated risers and performance stages, StageTek sets a new standard. For unlimited flexibility, an extra set of legs stored under your deck is all you will need – that's why we make the legs strong, simple and inexpensive. Compare Wenger Corporation's StageTek Staging to any other option and see for yourself why your next stage or riser will be StageTek.

FLAT OR MULTI-LEVEL STAGES

SEATED RISERS

Setting up single- or multi-level stages is fast and easy with various sets of legs, and Wenger's articulating stairway adapts to virtually any height you need.

A crew of one or more can set up an entire StageTek stage – with accessories – quickly. StageTek goes up without pins, tools or separate assemblies.

StageTek allows you to create seated risers for any event. Further enhance your setup with side and front closure panels for a finished look that also keeps dust and litter from collecting underneath.

VARIETY OF DECK SIZES, SURFACES AND LEG TYPES

With a single set of StageTek decks and interchangeable legs of different lengths, you can create just about any staging setup you need in no time. The StageTek concept is simple. Instead of attached legs, StageTek decks have optional sturdy retention clips that store and transport interchangeable legs. By using legs of different lengths, a crew of two can turn StageTek into multi-level stages, seated risers, runways, speaker platforms, graduation stages, and just about any other configuration you can imagine.
